

Doorway to Unlimited Resources & Abundance

The north beckons you to your sacred mountain. You have been on this path for a long time and are in the final push. Though the sheer cliffs and icy pathways look impossible to ascend from your current perspective, there is great potential in your finding the resources to climb with little effort. The challenge and offering is to open to “magical mind” and simply allow the light beings and etheric helpers- to “literally” lighten your load through their magical ways. There is great potential and possibility in your life right now. Quietly open to “seeing” and “being” in a fresh, expanded way. Gently lay down old beliefs about “possibilities” , truly let in that anything is possible. All that is required is a willingness to align with the light, inviting all that you don’t yet know to flow in to teach and inspire. Unlimited resources are available “right here, right now”, to support your soul purpose. Place the diamond window on your third eye, observe and allow essence and potential to reveal itself.

Magic manifests in unusual and unforeseen ways.

Lay down all resistance, allowing your self to ride and follow the waves of light.

Open to, observe, and allow essence and potential to reveal itself.

Trust and allow the vision, to birth and manifest in your life.
